

ADVANCED CERTIFICATE PROGRAM ON COUNTER-TERRORISM

OCTOBER 09 - 17, 2026 **HERZLIYA, ISRAEL**

The Advanced Certificate Program on Counter-Terrorism, offered by Counter-Terrorism Solutions, Ltd - the training arm of the International Institute for Counter-Terrorism (ICT), is a unique opportunity to learn about central issues in counterterrorism and homeland security, both from those with first-hand experience, and those involved in cutting-edge research in these fields. Based on years of extensive research, instruction, and work in the field, this multidisciplinary program brings together the best of academic theory and practical knowledge.

Combining academic study, simulations, workshops, and on-site briefings, the program provides concentrated, in-depth exposure to the phenomenon of terrorism, its characteristics, modus operandi, and scope. Participants will gain a real-world understanding of challenges to policymakers, security establishments, first responders, and the business sector.

ABOUT THE ICT

Founded in 1996, the International Institute for Counter-Terrorism (ICT) is one of the leading academic institutes for counter-terrorism in the world, focused on facilitating international cooperation in the global struggle against terrorism. The ICT is an independent think/do-tank providing expertise in terrorism, counter-terrorism, homeland security, threat vulnerability, intelligence analysis, risk assessment, national security, and defense policy.

WHO IS THIS PROGRAM FOR?

The Advanced Certificate Program on Counter-Terrorism is designed for both new and experienced professionals from the law enforcement, military, security, intelligence and business sectors interested in expanding their understanding of terrorism, counter-terrorism, national security, and policy making. All courses will be taught at an advanced level.

TESTIMONIALS

"There is no better place to educate future leaders in the international struggle against terrorism than the ICT. The depth and breadth of its academic programs, and its ability to draw in first-rate scholars from around the world, and its partnering with other centers in pursuit of understanding this phenomenon, marks ICT as head and shoulders above other institutions of its type."

- LTG (Ret.) Keith Dayton, Director
